WORK EXPERIENCE

During Web Designing Certification:
Website design for a bakery
Duration – 2 weeks
The theme of the project was to develop a customized solution i.e., a website for a bakery. The purpose of the website was to showcase various items made by the bakery like cakes, muffins, sandwiches, etc. along with having other sections, like the legacy of the bakery.

During Graduation:
The Text Editor
Duration – 2 months
In this project, I built a text editor which can be used for entering and editing rich text. The text editor also had a feature to store the text externally on computer or in the database.

Volunteer Experience:
Guru Jambheshwar University
Mentor
- Tutored a junior student in the college on a weekly basis.
- Co-led self-esteem-building and social skills activities to foster students' confidence.
